New Fall Hats just Received in Great Variety and Best Styles.

MRS. M. E. RHOADES, Milliner

EVA WILLIAMS

PASSED AWAY MONDAY MORNING AFTER ALMOST CONTINUED ILLNESS FROM DAY OF BIRTH.

Eva Williams, 15 years of age, daughter of Mrs. L. W. Williams, died Monday morning, the 21st inst., from chronic heart trouble. She had been an invalid almost from birth, and while her death was not altogether unexpected, it came as a shock to the community, by whom she was universally beloved. It was frequently commented upon during Eva's life that she was most appropriately named, as she possessed all the lovely phases of character given the bearer of that name in the famous drama portraying life in the South during the days of slavery. While suffering from almost continuous illness, she was never known to complain, and her whole life was one of comfort and cheerfulness to others. She was a member of the Church of the Latter Day Saints, and while preyed upon by illness from continued active duties in church affairs, her whole life was an object lesson in all the teachings and beliefs of her religion. At her funeral—at her home, at the church and at the cemetery—flowers, wreaths and mottos covered the casket and the grave in profusion, and all seemed to vie in a friendly way to do honor to her memory.

Services were held in the Stake House Wednesday afternoon, where impressive remarks were made by Elders Thomas Copley and T. L. Allen, and appropriate and beautiful music was rendered by the choir. There was a large attendance at the funeral, especially from the ranks of Eva's Sunday school companions. Interment was at the city cemetery.

CITY COUNCIL

The city council met in regular session last Monday night with the mayor and four councilmen present.

After the regular order of business was disposed of an application from E. L. Benson as "agent" at the police station, regarding a resolution pertaining to said plans and ordering for use of lights for \$60.00 per month was read. The petition was referred to electric light committee.

Road Supervisor Ball tendered his resignation to take effect at once. The same was accepted. John P. Allgood was appointed to the above position.

The question of the salaries of officers for the approaching two years came up, but as an ordinance covering this point was passed two years ago, it was agreed to allow that measure to stand until re-posed.

When the bill of the Summit Implement came up the mayor entered protest to the high price paid for lumber by the council, in the following language:

"I again call the attention of the committee on alleys and bridges, and also of council, to the necessity of providing a supply of lumber suitable for bridge covering and culverts. For the past year and a half, I have urged the necessity of keeping material of all kinds on hand, as there is use for it nearly every week during the year. The material could have been purchased in least lots for from \$18.50 to \$25.00 per thousand, whereas you are now paying from \$30 to \$32.50 per thousand. The method you are adopting is only another way of 'beating the devil around the bush.'

COUNTY COMMISSIONERS

The county commissioners met in regular session with all members present. Following is a brief synopsis of the proceedings:

The statement of clerk's fees for the month of August, of \$81.50, was read and ordered filed.

The recorder's fees for that month were \$1,565.70. This is the largest fee ever reported at one time from this office.

Bills to the amount of \$821 were allowed and ordered paid.

Miss Bell Calderwood was appointed deputy recorder, and will have charge of that office during a three week's vacation which Recorder Eldridge intends taking in the near future, on the reservation.

The commissioners met again today to open bids on the two steel bridges to be erected, one at Hemet and the other at Peoa.

Two bids were received, one from the Salt Lake Bridge Co. for \$4,800; the other from the Denver Bridge Co., \$3,000. The award was made to the latter company.

PLAIN TALK

To the Powers that be in this City.

An Appeal for Greater Coalville—
Bright Outlook for Future, but
We must have Houses to Live
in—Who Will Build Some?

There isn't a house in Coalville to rent. At least those few-rented cottages are filled today. The city cannot give shelter much until more houses are built. People are staying away from this city because of the scarcity of houses to live in. Where can I find a house? Is a queen that is sold a dozen times a day?

Who will relieve the situation?

First—We believe it is the duty of the Mayor and City Council to use their influence to have houses built. Every enterprising town would use the electric light. Tax-free towns would mean \$600 in revenue each year for the electric light plant. That would pay more than half of all our local each year.

Worth noting after, isn't it?

Second—The Stake Presidency in conjunction with the Stake Board of Education should take notice and do something. How do you expect that grand institution on the hill, the Summit Stake Academy, to grow and prosper without houses for the students to live in? The success, or fail, depends largely upon you, gentlemen. With sufficient accommodation the school will be reasonably successful. With no accommodations, what can be expected?

Third—The Stake Presidency

and every effort to see that houses are built here. As above, twenty-five families would distribute among the business houses from \$400 to \$600 a year, and we know of some that spend \$100 a month. At an average of \$600 for each family per year, the sum of \$3,500 would be added to your business. But this is putting it mild.

There is an abundance of coal in this vicinity. The Grass Creek Coal Co. and the Weber Coal Co. are putting as all the men they can get, the E—Grass Creek Coal Co. and the Utah Steam Coal Co. (the Des-

er) will soon be in shape, and they will both employ quite a number of men; thus Joseph Barber and his son David are opening up a mine, as is also Al Stonebreaker, both located up Grass Creek. Hon. Alma Eldridge, Wm. Boyer and others have some prospects up Grassy Creek, which are said to show an excellent grade of coal, and this whole country will be opened up some time not far distant.

The demand in this western country, we believe, has so far outrun the output that it will be many years, if ever, before the mines will catch up with their orders for coal.

Therefore it behoves every one in this city to get in and build up the town. With the increased wages of the miners, Coalville should be the largest city in Summit County inside of five years.

Will you do your part?

CHURCH NOTES

Regular first-Sunday in the month services were held in the Stake House Sunday evening, conducted by the Y. M. and Y. L. Associations. Elder G. Howard Board presiding and the local officers of the Stake presiding. Interesting and inspiring remarks were made by President M. W. Taylor and Professor William Z. Terry; a beautiful solo was rendered by Mrs. G. Howard Board, and an eloquent reading was given by Miss Olive Branch.

At the regular afternoon services Bishop Frank Croft presided, with Elder Elwood Carrith as chorister. The meeting was devoted to testi-

mory, and the services were inspiring and interesting. The following visitors were blessed by the officers of the ward—Byron Farnsworth White, son of Mr. and Mrs. William White; Barbara Murry, daughter of Mr. and Mrs. Zeinos Murry; Joseph Russell, Watherton, son of Mr. and Mrs. Joseph Watherton; and Louisa White, daughter of Mr. and Mrs. Samson White.

The Relief officers of the Stake held a meeting at Hoyerville this Friday morning, and the following members were in attendance from Coalville—Mrs. M. W. Taylor, Mrs. E. H. Head, Mrs. Elizabeth Farnsworth, Mrs. Elizabeth Simister, Mrs. John Robinson, and Mrs. T. L. Allen.

Ward Primary conference will be held in the Tabernacle next Sunday afternoon at 2 o'clock. The regular primary meetings will be resumed on the 15th, at the Tabernacle, beginning at 4 p.m.

The stake convention of the Y. L. and Y. M. M. I. A. will be held in the Academy building on Sunday, Sept. 29th. Two sessions will be held, one at 10 a.m., the other at 2 p.m. Two members of the general board will be present, representing both the above organizations. A general meeting will be held in the Tabernacle, at which the public is cordially invited to attend, beginning at 7:30 p.m.

Do you know that Pussavine Cat-bellied acts like a poultice in drawing out inflammation and poison. It is antiseptic. For cuts, burns, corns, cracked hands it is immediately relieved. Made by John Boyden & Son.
